

# Sly-2

## PLASTIC DECORATIVE BATTERY UNIT

Modern Decor Design

6VDC Output / 120/347VAC Input

**Approvals:**  
 CSA Certified to C22.2 #141.15

### DESCRIPTION

The SLY-2 series of plastic battery units utilizes a unique and stylish wrap-around clear cover that compliments commercial decor styles. By integrating high output MR16 lamps, the SLY-2 provides superior light levels in a compact and attractive package. The SLY-2 series is designed as a stand-alone battery unit configured with 6VDC output, 30W capacity for 30 minutes duration.

### CIRCUITRY

- 120/347VAC 60Hz Input, field selectable
- Solid state variable rate charger
- 6VDC emergency power output
- 30W battery capacity
- 30 minutes emergency battery duration standard
- Momentary push button test switch
- Pilot LED for AC ON
- Fully automatic, current limited charger
- Line latched, low voltage protection
- Complete battery recharge in 24 hours
- Maintenance free, sealed lead acid battery

### MECHANICAL

- High impact, UV stabilized, thermoplastic construction
- Low profile, twin MR16 lamp configuration
- Unit "quick snaps" onto mounting backplate for cost effective, speedy installation
- Universal spider knockout pattern stamped into backplate for direct octagon box mounting
- White color is standard
