

P

PAR36 LARGE REMOTE

Plastic Weatherproof

Single or Double

6V, 12V, & 24V Lamps in Quartz & Tungsten

SP Approvals:
CSA Certified to C22.2 #141.15

DESCRIPTION

The P series of weatherproof industrial thermoplastic PAR36 remotes is designed to perform in a range of environments. The fully adjustable heads both tilt and swivel and are lockable. The standard die cast canopy is designed to mount directly to typical electrical junction boxes and includes a weatherproof gasket. Available in 6V, 12V, and 24V models, utilizing either tungsten (wedge or D.C. bayonet based) or quartz halogen (bi-pin based) lamps.

MECHANICAL

- UV stabilized, high impact thermoplastic construction
- Fully adjustable - both tilt and swivel
- 5" diameter die cast aluminum canopy standard
- Canopy mounting holes designed to match standard electrical junction boxes
- Black color is standard, white is optional
- Variety of lamp options:
 - 6VDC, 12VDC, or 24VDC
 - Tungsten lamps - wedge or dual contact bayonet based
 - Quartz halogen lamps - bi-pin based
 - Sealed beam lamps - terminal connectors

DIMENSIONS
