RECESSED REMOTE

PAR36 Recessed Ceiling

Adjustable Gimbal

6V, 12V, 24V & 120V Lamps in Quartz & Tungsten

SP Approvals:
CSA Certified to C22.2 #141.15

DESCRIPTION

The SR series of commercial recessed PAR36 remotes has been designed to blend seamlessly into modern decors. The backbox fits easily above suspended ceilings or drywall ceilings leaving only the lamp and trim plate visible. Available in 6V, 12V, 24V and 120V models, utilizing either tungsten (wedge or D.C. bayonet based) or quartz halogen (bi-pin based) lamps.

DIMENSIONS

MECHANICAL

- Steel trim plate and lamp assembly
- Lightweight aluminum backbox recesses completely above ceiling
- Conduit knockouts in backbox
- Optional surface mount backbox
- Adjustable gimbal mounted lamp
- White trim paint finish is standard, black is optional
- Variety of lamp options:
 - 6VDC, 12VDC, 24VDC or 120VDC
 - Tungsten lamps - wedge or dual contact bayonet based
 - Quartz halogen lamps - bi-pin based
 - Sealed beam lamps - terminal connectors
